FORCE-ON-FORCE COMBATIVE EQUIPMENT

THE HIGH GEAR™ SYSTEM

The Blauer Tactical Systems HIGH GEAR Impact Reduction suit is State-of-the-Art force-on-force scenario equipment designed to help create the most realistic training experience. Custom athletic design ensures snug fit for maximum range of motion and protection. The complete suit contains 8 components. HIGH GEAR is perfect for all aspects of combatives, like prisoner handling drills & CQB to more conventional training like MMA, grappling and the striking arts.

HEAD GEAR

- ▶ State-of-the-art design with integrated smart foams to protect the chin, jaw, cheekbone and eye-socket
- ▶ Full Plexi-Glass shield rests on a 100% leather encased, molded 1/4" HMWPE plastic frame with four adjustable straps for secure fit
- ▶ Marking cartridge helmet option available

THROAT GUARD

- ▶ Form fitting, contoured plastics and padding ergonomically rest against the windpipe & throat
- ▶ Offers additional protection from accidental strikes to the throat

TORSO PROTECTOR

- ▶ Unprecedented mobility unavailable in any other chest guard on the market.
- ▶ Wrap around protection for the critical floating rib and solar plexus region.
- ▶ Smart foams and plastic trauma plate inserts protect the brachial tie-in, shoulder, clavicle and spinal regions

COMBAT GLOVES

- ▶ 100% Leather, open palm design for excellent sensitivity for weapon and transition to prisoner handling.
- ▶ Plastic trauma plates protect the metacarpals and thumb from shock damage during training

ELBOW/ULNA PADS

- ▶ Innovative design provides extended protection to the ulna, forearm, elbow and triceps region
- ▶ Designed for delivering forearms & elbows during CQC, crowd penetration or ground & pound

COMBAT SHORTS

- ▶ Lightweight one piece design with heavy duty lycra covering offers flexible protection for the complete upper thigh, hip and tailbone.
- ▶ Internal padding and trauma plates allow movement to grapple, kick, run or sit

SHIN/KNEE PADS

- ▶ Wrap-around design protects the calf and knee cap
- ▶ Additional cushioning for the MCL and LCL ligaments.
- ▶ Lightweight, tight fitting with plastic trauma shields to protect the shin bone and top of the foot.

PERONEAL NERVE PADS

- ▶ Additional padding for knee and shin kicks to the nerve clusters above the knee
- ▶ Fills the gap between the top of the shin pads and the bottom of the combat shorts.
